RE: RAW MILK AND MILK PRODUCTS.

Hello,

I understand that submissions on the above topic must be sent by today.

I would like to let you know that I support the proposal that raw milk become available again for sale in Australia.

I am sure there are differing viewpoints on this subject; I would like to have the choice to be able to buy raw milk as I feel that now the hygiene standards that are in place make this a safe alternative.

Those who disagree are free to choose more processed products.

I am sure you will get lots of more detailed and technical submissions than mine, I just wanted to let you know how I felt.

Regards,

John Grosvenor.
