Subject: Please give us choice about the milk we drink

Follow Up Flag: Follow up
Flag Status: Blue

I beleive I have the right to drink and have access to the milk I wish to drink and feed to my children.

I am in favor of safely produced, natural raw milk, I depend on raw milk for the health of my family. We believe that milk should be milk. We beleive that the milk produced by the major coorporations is not.
