Subject: 2nd FSANZ Workshop on NPBTs [SEC=UNCLASSIFIED]
Attachments: Workshop Outline.docx

[REDACTED]

This is just to confirm the details for our second workshop on NPBTs. The Workshop will be held on Tuesday 6 August at the Kurrajong Hotel. Tentative time is 9.30am to 4.00pm.

The workshop will be similar to the previous workshop in terms of its format and objectives, but will also include a special session on RNAi. I have attached a tentative outline of the proposed workshop. We will provide a more detailed programme and agenda closer to the time.

Peter Langridge has agreed to chair the workshop again. Other invited experts include Prof Peter Waterhouse, Prof Bernie Carroll, Dr Roger Hellens, Dr Allan Green and Dr Bill Taylor.

We would therefore like to invite OGTR to participate once again in this workshop. We have allocated a maximum of 5 places for the OGTR.

If you could get back to me ASAP to confirm attendance, that would be great.

Thanks & regards
