12. **Submission Text:** I do not want any GM foods in Australia, I do not believe there is not a chance for cross contamination with non GM foods. I do not feel they are safe or enough time and research into the long term effects on health has been made available. Labelling of GM Foods will not stop me from purchasing products that have been subjected to cross contamination. Please keep Australia GM free we are in a position as an island to keep GM crops out. Lets look into heritage varieties that are more insect tolerant. The assesment or report numbers are as follows: A1029 A1035
