Submission on A1193 Irradiation of all fresh fruit and vegetables

Hello,

To whom this may concern:-

I certainly would NOT like my fresh fruit & vegetables irradiated. As the generations cycle around of the population they are getting sicker and sicker, I believe it is due to the presently unhealthy food on shelves, contaminated with various un warranted ingredients.

Fresh fruit and vegetables are the only uncorrupted food product we have left, please do not corrupt this. Fresh food is Gods given gift for our survival.

I most adamantly disagree with even the notion of irradiation of our foods.

Sincerely
