Membership of Meat Advisory Committees – Proposal P1014

Primary Production & Processing Standard for Meat & Meat Products

A Standard Development Committee is advising FSANZ on this work. Members include major industry associations for the cattle, sheep, goat and pig industries, meat processors, the rendering industry, feedlot industry, stock feed manufacturers, Department of Agriculture, Fisheries and Forestry, state and territory meat regulators and the Country Women’s Association of Australia.

The Meat Minor Species and Wild Game Working Group, a working group of the Standard Development Committee, includes producers and processors of minor meat species and wild game e.g. crocodile, buffalo, camel, rabbit, deer, ostrich, kangaroo and emu.
