Re: Proposal P1007 Primary Production & Processing Requirements for Raw Milk Products

I am a mother of 4 young children all of whom have lactose intolerances to varying degrees. I am requesting that you allow the sale of RAW MILK and RAW MILK PRODUCTS within Australia. I have read many articles (specifically based on the extensive research from Weston A. Price) on the health benefits of raw milk, and would like to be able to purchase RAW MILK for our family.

Sincerely,

P. McIntosh
