SUBMISSION

Proposal P1007: Primary Production & Processing Requirements for Raw Milk Products.

25th August 2008

Dear Sir/Madam,

I am writing to say that I am most definitely IN FAVOUR of legal natural raw milk.

I have no qualms that drinking raw unprocessed milk is the healthiest option for my family. I have been drinking raw milk for 5 years now, and my 3 year old has been drinking it her whole life. My husband was brought up drinking milk straight from the cow. We are a very healthy family.

However, that is not the main reason I am in favour of legal natural raw milk.

I believe that the best way to look after my family's health is to take responsibility for it. We are trying to eat food as wholesome and unprocessed as possible, and that should be our choice. Sure, have processed milk for those who want the government to be responsible for their health, but GIVE ME THE CHOICE to be responsible for mine.

Thankyou.

Yours sincerely,

Emily Stokes
