Dear Madam/Sir,

I am writing to lodge my interest regarding the Proposal P1007 - Primary Production & Processing Requirements for Raw Milk Products.

My name is Alice Jamieson and I am writing as a consumer who has been interested in buying raw milk for some time. I have become increasingly interested in the research of Weston.A.Price which supports the consumption of raw milk and raw dairy products. However, as you are aware, this is not possible under the current legislation. I am in favour of the submission that will increase the availability of safely produced,natural raw milk.

My contact details are as follows -

Thanking you for your time.

Kind Regards,
Alice Jamieson.
