To whom it may concern.

I wish to make a submission in support of legalisation to allow the sale of Raw Milk & the production & sale of cheese made from Raw Milk. I make my submission on the following grounds :

1. Currently my right to choose what I consume is constrained by legislation which in my opinion is based on outdated food safety circumstances, what with modern milking procedures, refrigeration both in storage & transportation, Government safety testing regimes, modern milk handling methods & hygienic delivery to consumers .

2. I have had the opportunity to experience both Raw Milk & Cheese made from raw milk & am in no doubt that the taste experience is far superior to milk & cheese produced from milk which has been pasturised .
