Hi Trevor

Just had a catch up with Lorraine (as Peter - more actors than a night at the Oscars).

In terms of IF and Nano – we agreed that:

- You are the sponsor of this work
- The current web page should be archived & updated when the story breaks as the context has moved on – Lorraine will work with you and the team (Janine, Nick, Gill etc) on that
- You will brief the MO and Lorraine will brief [REDACTED] at around that time
- A Plan B was needed in case we have to react to the story coming out prior to the ABC breaking it

We also wondered about the timing of the SNAG response – that may now be able to be included in the web update given the delay? If not – then the holding statement (we have gone to our experts on this) will be included.

Cheers
Glen
