

Application A1115 Irradiation of blueberries & raspberries

General Procedure

The NSW Food Authority supports the preparation of a draft variation to the Code to permit the use of irradiation for blueberries and raspberries as a phytosanitary measure.

ENDS

The views expressed in this submission may or may not accord with those of other NSW Government agencies. The NSW Food Authority has a policy which encourages the full range of NSW agency views to be submitted during the standards development stages before final assessment. Other relevant NSW Government agencies are aware of and agree with this policy.
