### Code Submission

Application/Proposal Number:	A 1139
Organisation Name:	Hanne Sorensen
Organisation Type:	Individual
Representing:	Hanne Sorensen and Rob Morton of the same address.
Street Address:	[REDACTED]
Postal Address:	[REDACTED]
Contact Person:	Hanne Sorensen
Contact Number:	[REDACTED]
Email Address:	[REDACTED]
Submission Text:	I am emphatically opposed to the growing of GE crops.I also

oppose these being allowed as food for humans or animals, and I oppose the importation into New Zealand of anything containing GE products. I further submit that the problem of acrylamides in food can be safely solved by using safe cooking techniques and by education about safe cooking techniques. I am therefore opposed to allowing importation of a product, that can not legally be grown in New Zealand. It has not been established that GE plants and organisms are without risk to our environment, and neither has the safety to humans and animals of consuming GE products or food including GE products. I ask that the application be declined.

Thank you for the opportunity to submit on this very significant application.
