Submission to Food Standards Australia

## **SUBMISSION on Application A1256 – Printing requirements for corrugated cardboard outer packaging.**

### **1. Introduction**

Thank you for the opportunity to provide feedback on the application to amend the Australia New Zealand Food Standards Code: Printing requirements for corrugated cardboard outer packaging.

This letter of support is from Consumer NZ, an independent, non-profit organisation dedicated to championing and empowering consumers in Aotearoa. Consumer NZ has a reputation for being fair, impartial and providing comprehensive consumer information and advice.

### **2. Comments on the application**

Consumer NZ was supportive of the 2020 amendment to the Food Standards Code to include new requirements for pregnancy warning labels on packaged alcoholic beverages, including the requirement for prescribed fonts and colours.

Regarding application A1256, Consumer NZ supports the submission made by Alcohol Healthwatch. We support its recommendations that the 3-colour alcohol pregnancy warning label remain, with increased size and margins to mitigate potential printing errors.
