Submission Text:	<p>Lowe Family Wine Co (previously Lowe Wine) has been utilising the pictogram for two years. There has been very little feedback about the pictogram included on our labels during this time. Lowe Family Wine Co believe that compliance with the current requirements (i.e. the use of the pictogram) is relevant and achievable. Lowe Family Wine Co believe that furthering the requirements with the red circle and strike-through of pregnancy labelling is aggressive and extraneous.</p>
